PROFESSIONAL BIO

Driven, ambitious, curious, and passionate computer engineering student with a strong desire to improve and do meaningful work that leaves a positive lasting impact on others.

ACADEMIC BACKGROUND

University of California, Santa Cruz

September 2018 - June 2022

- (In Progress) Bachelor of Science in Computer Engineering
- (In Progress) Minor in Computer Science

PERSONAL SKILLS

- Extremely organized and attentive to detail
- Effective communicator with very refined interpersonal skills
- Excellent work ethic

OTHER EXPERIENCE

Area 11 JROTC Leadership Academy Graduate

- Instilled in me the core values of honor, courage, and commitment in order to more successfully build the foundation of trust and leadership upon which my NJROTC unit was based

Engineering Academy Summer Program Participant

- Very selective program that engaged students in technology workshops and team building exercises
- Designed, built, and pitched a functioning prototype for a device that would help wearers improve their posture

Other

- 200+ hours of community service involvement and volunteer experience

WORK EXPERIENCE

CMPE 12: Computer Systems & Assembly Language Tutor

University of California, Santa Cruz | Spring 2019 - Present

- Facilitated a positive and productive learning environment for students within lab sections
- Helped students develop a deeper understanding of concepts related to digital logic circuits and lower-level programming in order to assist in guaranteeing their success in the course
- Developed and maintained proficiency with basic logic, digital circuits, and MIPS assembly language

Engineers Without Borders: Treasurer Elect

University of California, Santa Cruz | Spring 2019 - Present

- Assisted in managing finances for a non-profit organization dedicated to building a better world through engineering projects that empower and help communities meet their basic human needs
- Current projects in progress: Traveling to Ecuador to install renewable energy systems, traveling to the Galapagos Islands to learn about local communities and how we as an organization can better assist them

Oakes Cafe

University of California, Santa Cruz | August 2018 - Present

- Worked 15-20 hours a week providing excellent customer service and positively affecting the reputation of the establishment, all while managing a full-time academic course load
- Took initiative to find extra tasks to do in order to help support the café team when scheduled duties were completed early

NJROTC Cadet Command Master Chief

Chaparral High School NJROTC | August 2017 - June 2018

- Oversaw the personal and professional development of 100+ cadets in the program
- Embodied the idea of leading by example in order to be a better mentor and positive role model for the younger cadets under my charge
- Implemented several new processes and procedures in order to increase the overall efficiency of the cadet corps
- Enforced and maintained discipline within the unit to instill professionalism into cadets
